

PROPANE AUTOGAS FUELING EQUIPMENT

LOWER YOUR FLEET'S TOTAL COST OF OWNERSHIP

WHY PROPANE AUTOGAS?

- Lower fuel costs and less price volatility
- Cleaner with less emissions than gas or diesel vehicles
- Quieter than diesel engines
- Superior cold weather performance
- Safe, quick and quiet refueling
- Improved vehicle uptime

Whether you are replacing vehicles or upgrading your fleet, we can provide the proper storage and dispensing solution:

- Turn-key skid systems from 500 to 2,000 gallons
- Storage tanks from 500 to 30,000 gallons
- Many dispenser options
- Installation services
- All equipment complies with applicable NFPA standards, and is UL listed or CSA approved
